NJOA Endorses Jack Ciattarelli in Governor's Race

Trenton – Advocacy group calls on sportsmen to Back Jack, fire Murphy.

The New Jersey Outdoor Alliance on Thursday released a statement announcing a unanimous vote to support Jack Ciattarelli for Governor.

“After being minimized and ignored for four years, after standing by and watching our state’s forests and wildlife resources managed by politics not science it’s time for a change.” Said Ed Markowski, “Jack epitomizes what our state needs in a leader. As Governor he will embrace all segments of our population and give everyone a seat at the table. Four years ago, the sportsmen and legal firearms owners’ lack of participation resulted in what we have today. Now, we unite to give a full-throated endorsement and commit what resources we have to back Jack Ciattarelli and fire Phil Murphy for the good of our natural resources and critical sporting traditions in the Garden State.”

About the [New Jersey Outdoor Alliance](https://njoutdooralliance.org/): New Jersey Outdoor Alliance’s mission is “preservation through conservation.” NJOA serves as a grassroots coalition of outdoorsmen and outdoorswomen dedicated to the conservation of natural resources and environmental stewardship that champions the intrinsic value of fishing, hunting and trapping, among opinion leaders, policy makers, and the public at-large.
